

BlueBox Lite

Communication platform to monitor Vehicle Powered Truck refrigerated units.

- Uses cellular capabilities to communicate with Thermo King's web-based TracKing™ and TK Reefer application.
- Compatible with V, VX and B-Series.

Specifications

FEATURES	DESCRIPTION	SPECIFICATIONS
GPS	GNSS	GPS, GLONASS, GALILEO
Communications	4G	2G, 3G
SIM	Dual SIM	
Serial ports	1XRS232, 1X RS485	
Memory	128MB internal Flash	
Power usage (Nominal)	At 12V < 36mA	
Enclosure	IP41	
GPIOs	2 Digital and 1 Analog input	
Dimensions	L x W x H	65 x 56,6 x 20,6 mm
Agency Certifications	Industry and Telecommunications	CE/RED, UKCA, EAC, E-Mark, RoHS, Reach
Operating Temperature	-20°C to +85°C	
Storage temperature	-20°C to +85°C	
Storage relative humidity	5 to 95% (no condensation)	
Device + case + battery weight	55 g	

OPERATING VOLTAGE

10 to 30V DC
